# About Us

Mecoson Labs Private Limited is a global pharmaceutical company offering wide range of products and services to the customers across the globe. We are supplying Finished Formulations, Nutraceuticals, Surgical Products, Laboratory Products, APIs and provide third party manufacturing service.

Our history began in the year 2010 with the start of a first pharmaceutical wholesale dealer as a Mecoson Labs. Through the years, our business has developed from a wholesale distributor to global company with the help of our visionary leaders and expert team. Step by step the company has progressed very fast and expanded its wholesale trading business to exporting and manufacturing of medical and healthcare products.

We have our own more than 100 brands for finished formulations, nutraceuticals and ayurvedic products. We are supplying medical and healthcare products as per customer's requirements to the world.
